

OneSource Project

Overview Presented By
Chris Wilkins
Dr. Timothy M. Chester
October 7, 2015

OneSource Project

- Multi-year business transformation project
- Replace many legacy administrative systems and associated business processes
- Next Generation Finance and Human Resource administrative systems and processes
- Oracle PeopleSoft 9.2

Why undertake OneSource Project?

- Core systems designed decades ago with the purpose of satisfying the core processing and reporting requirements of the institution
- Modifying the core systems when possible and implementing vendor provided systems to augment system capabilities is no longer a sustainable practice or an efficient approach
- Collegiate Project Services survey, interviews, and focus group sessions identified that Colleges and Schools need updated and efficient functionality, improved data access, and reporting

OneSource Project Anticipated Benefits

- Integration of data across areas so that each department will have the information it requires when needed
- Streamlined business processes to enable faculty and staff to work and plan more effectively
- Reporting tools that will improve data access and UGA's ability to make data-driven decisions
- Collaboration with the University System of Georgia's "oneusg" project to provide standardized human resources business practices and IT platforms across institutions
- Identification and adoption of industry standards and best practices for current and future information technology architecture
- Improved data privacy and security

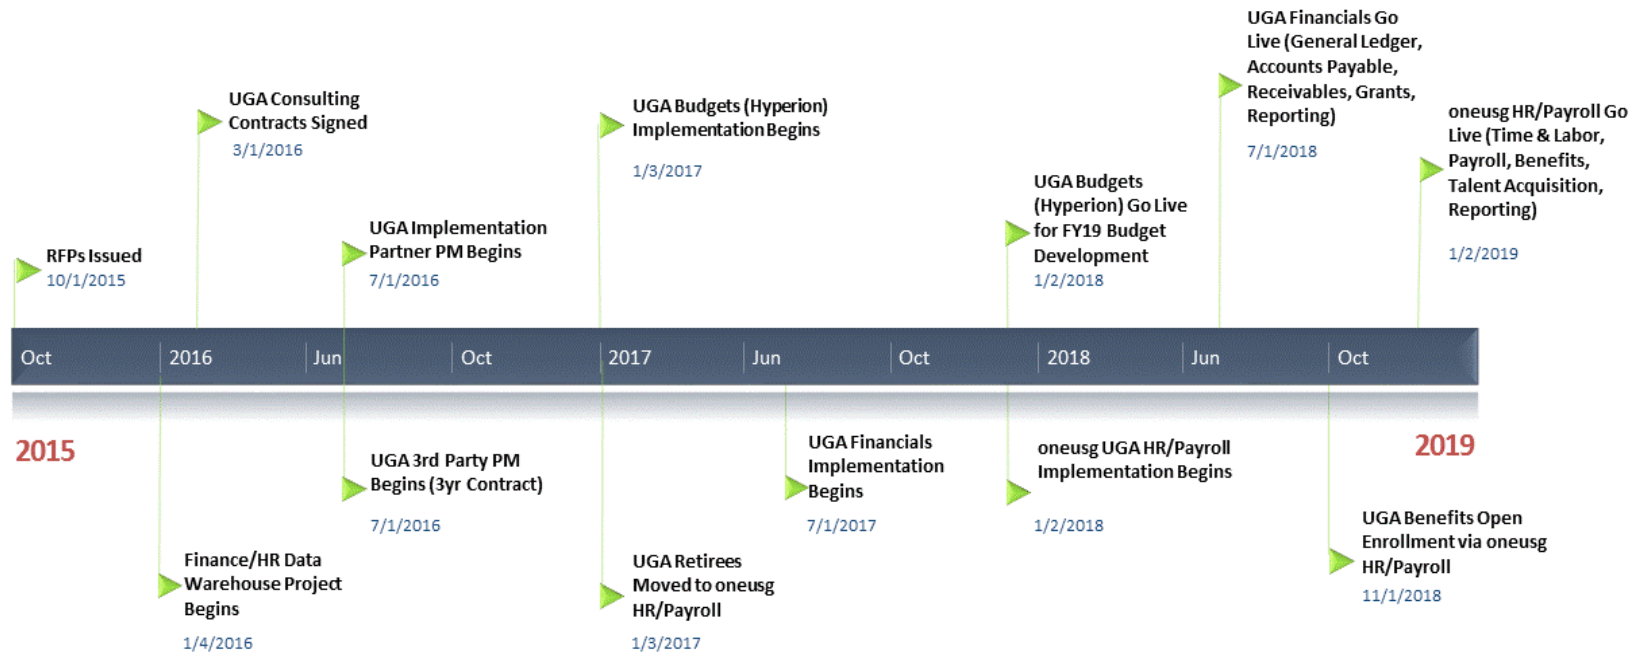

Who will participate?

- All faculty and staff through Payroll and Human Resources system and process changes
- All administrative offices that process and/or touch Financial/HR information will be involved
- All the current systems utilized in Financial/HR information processing at the University are within the scope of the project

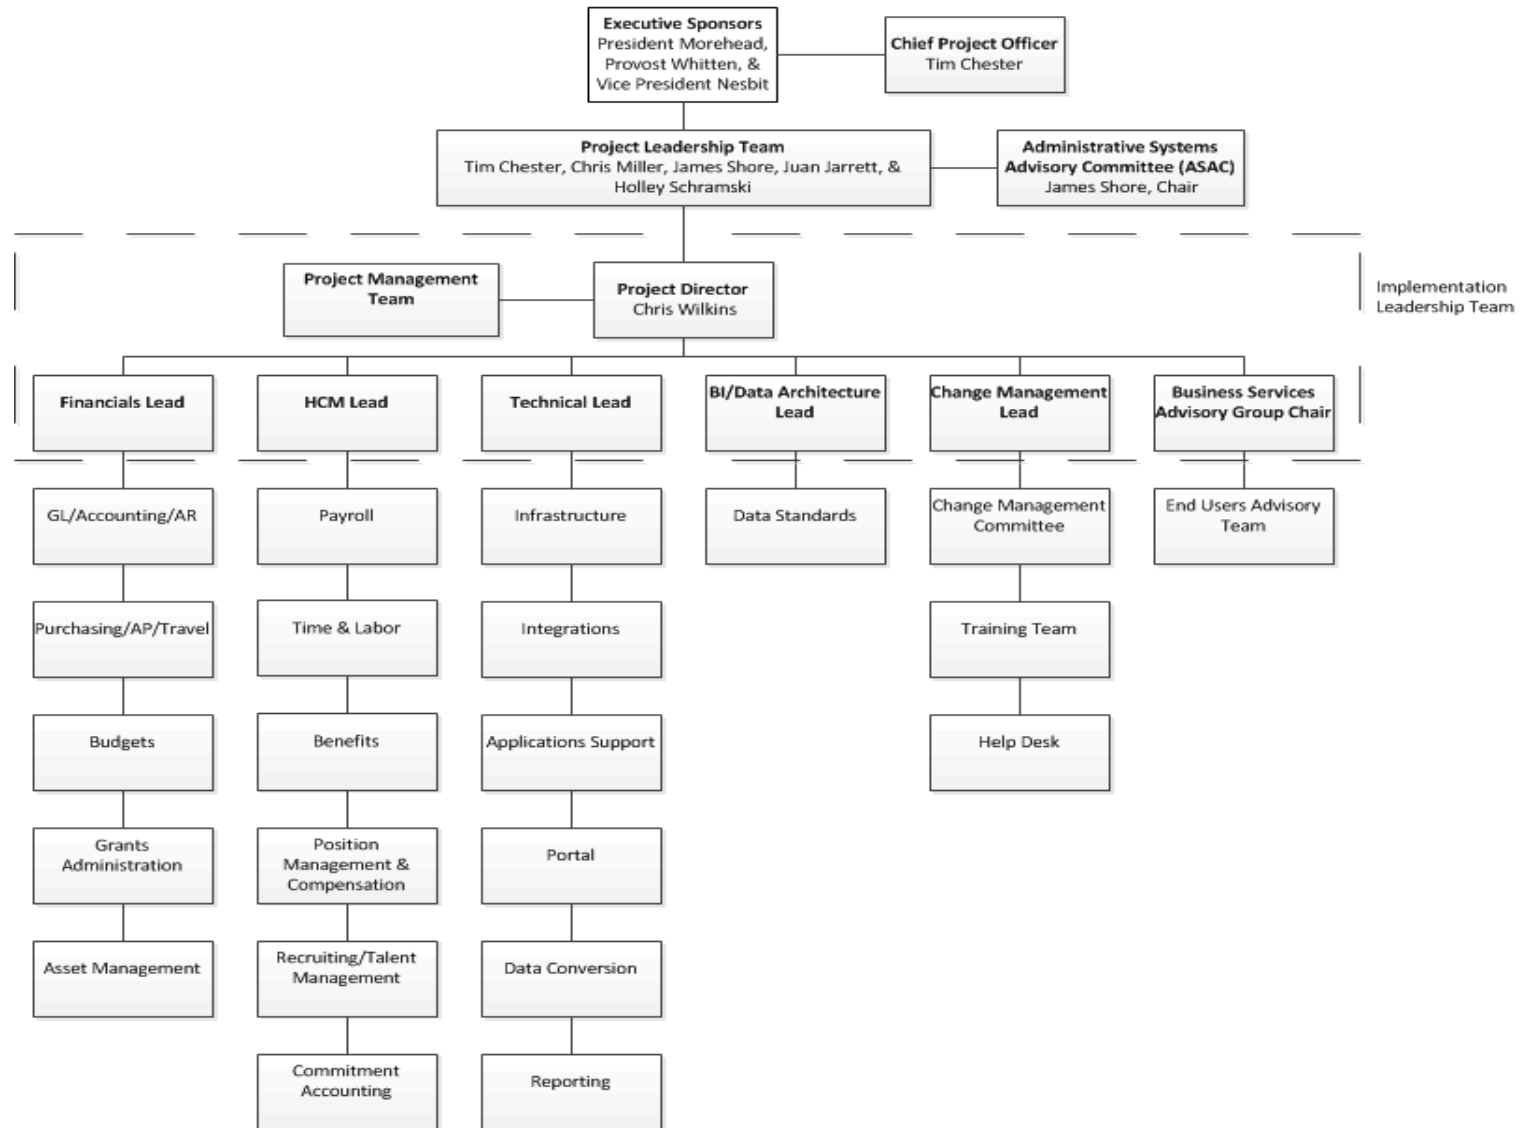

Focus Areas

OneSource Project Timeline

OneSource Project Governance

Next Steps:

Project Planning & Socialization

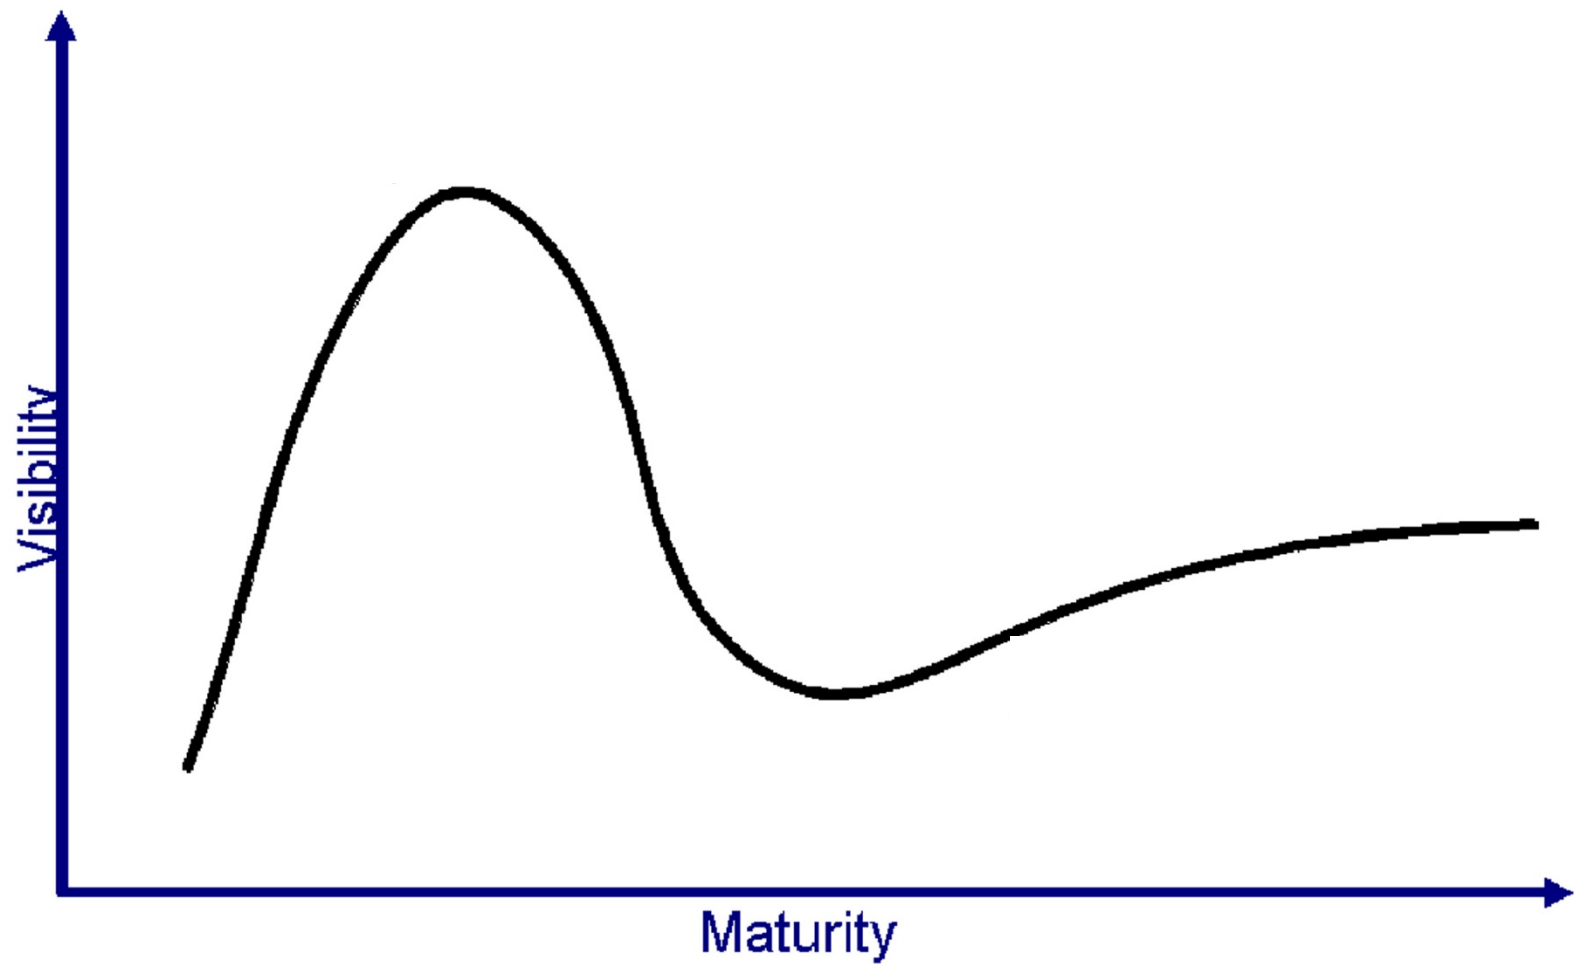

Fall 2015

- RFP's
- Project Governance

Spring 2016

- Stakeholder Engagement
- Project Team Readiness
