There are several opportunities to get personal guidance for your well-being goals. Why not schedule a one-on-one consultation with a financial advisor? Or work with a personal wellness coach? Or develop a personal mindfulness practice? See below for how to sign up for all these opportunities.

And how do you get started with a mindfulness practice? Sign up for a **Koru Mindfulness and Meditation** session this summer and receive hands on training on how to start a daily mindfulness practice. This class is a 4-week course which meets (online) once per week. Those that register will get access to a free mobile app which will provide daily assistance with your mindfulness practice. Three sessions are being offered this summer. Register through the Professional Education Portal at [www.pep.uga.edu](http://www.pep.uga.edu).
