Shipping and Handling charges are calculated and charged by each vendor. The values shown here are for estimation purposes, budget checking, and workflow approvals. If the vendor quoted shipping and handling, then the invoice cannot exceed the quote. Vendors that offer free shipping do so at the standard ground service level and this does not include things like: dry ice, hazmat, overnight, or other express shipping options. These and other special handling requirements require additional charges.							Subtotal	1,105.27
